

# Washington Communities of Practice

WINTER 2023

Start Early Washington's communities of practice focus on developing collaborative learning environments for home visiting professionals. They offer a co-creative and participatory space for shared learning where building knowledge is a shared process that draws upon all participants' combined experiences and expertise. Through discussion, shared experiences, relationship building and reflection, participants can inform their practice, tend to their own goals and help shape the sessions.

## CONNECTING WITH PEERS: HOME VISITING SUPERVISORS

**DETAILS:** This community of practice is **for home visiting supervisors** willing to share their wisdom, experiences, resources, and strategies with other supervisors across the state in a peer-to-peer virtual environment.

**DATES:** Virtual meetings consist of eight 90-minute sessions on Wednesdays: **Feb. 15 through April 5.**, 12 p.m. to 1:30 p.m. PST.

[Register here!](#)

**Registration closes when we reach 15 participants.** Each community of practice is limited to 15 participants to encourage trust, meaningful interaction and space for rich dialog that results in a productive, positive group experience. Consistent attendance (**at least five of the six 90-minute sessions**) is required of those who register.

**For more information:** visit [Washington Communities of Practice](#).
