

Appendix B: Self-Assessment

The following self-assessment is intended to support applicants in analyzing where they currently are in local readiness to explore the feasibility of UNSS. Self-assessment scores will not be used to determine eligibility for funding or make final decisions about awards. These scores are intended to help applicants and reviewers understand the needed level of support to complete UNSS feasibility activities.

Download this PDF and mark each box below according to your current community activities. Upload your completed PDF with your responses in your RFP application submission.

Community Awareness of UNSS

Is exploring the feasibility of UNSS an existing organizational priority or is this something your community wants to be a priority? Are you completing the RFP because conversations have already been happening around UNSS or because there is a desire for conversations to be happening around UNSS?

Limited – 3 points	Moderate – 2 points	Extensive – 1 point
Community collaborations and/or intensive long-term home visiting programs may or may not be aware of interest in bringing UNSS to community. <input type="checkbox"/> 3 points	Community collaborative groups, social service organizations, or intensive home visiting programs are aware of interest in bringing UNSS to the community. <input type="checkbox"/> 2 points	Community collaborations and intensive home visiting programs have been actively engaged in the process of UNSS exploration and consideration. <input type="checkbox"/> 1 point
Applicant organization (or comparable) has no relationships with birthing hospitals/birthing facilities. <input type="checkbox"/> 3 points	Birthing hospital/birthing facilities administrators or labor and delivery leaders of one or more hospitals/facilities are aware of interest in bringing UNSS to the community. <input type="checkbox"/> 2 points	Local birthing hospital(s)/facilities have been actively engaged in the process of UNSS exploration and consideration. <input type="checkbox"/> 1 point
